Rip Van Winkle. A bright sun once more. Be sure to hear Helen Potter. About 800 voters registered so far. Rip Van Winkle to-morrow night. Wilberforce next Saturday evening. The township assessors are at work. Marshal Tuttle is improving in health. Uncle Tom's Cabin Troupe next Tuesday night. Many new faces on our streets, and the hotels crowded. Work has been resumed on the new Baptist church building. It is desired that citizens shall be daily visitors at the Conference. Patronize the Wilberforce, assist the band boys and enjoy yourself. Piper's Uncle Tom's Cabin Troupe appear in Salina next Tuesday night. Rev. G. S. Dearborn is attending Conference. He is warmly welcomed by his old friends. This is the second session since the organization of the North West Kansas Conference. Do not forget that Helen Potter will entertain a Salina audience, one week from Saturday. Rev. J. H. Lockwood—so well and favorably known in Salina county—has been here for several days. Mr. Fred Baier, the jeweler, is removing his stock of jewelry to his new stand, the postoffice room. Bishop Merrill arrived Monday evening, from Newton, where he has just held the Southwest Kansas Conference. Donavin's Tennesseeans were honored with a full house last Saturday evening, and their performance was a good one. The wife of John A. Ward, near Mulberry P. O., died on last Friday, leaving five children. Rev. Stolz preached the funeral sermon. Mr. Aaron Robbins designs building an addition to his Grand Central Hotel. He is not able to accommodate his patrons, and must have more room. Piper's Uncle Tom's Cabin Troupe, which has been playing to crowded houses in Nebraska, will be here with the dogs and donkeys next Tuesday night. Mrs. Margaret Custer Calhoun did not have near the home Friday evening that her ability deserved. Those who attended were much pleased with the recitals. Commencing Sunday night, a magnificent rain visited this country and accomplished a vast amount of good. The continuous and gentle patter was music to the soul and most nourishing food for vegetation. Mr. David Ritchie and family, of Buffalo Park, are visiting at their old home, Bavaria. Dave says it is like living in exile to make his home "on the distant prairie," but he will remain there for the present. Mr. Henry M. Waters, Grand Commander of the Knight Templars of Kansas, visited the Askelon Commandery of Salina last Saturday evening. Mr. Waters is Receiver of the U. S. Land office at Independence. Senator Tom Anderson and Representatives Collins and Stearns went down to Topeka the first of the week, to attend the special session of the Legislature. C. S. Martin, Journal Clerk of the House, also went down. Holy days of Lent yet to come are Mid-Lent, March 23; Annunciation, March 25; Palm Sunday, April 6; Maundy (Holy Thursday) and first day of Passover, April 10; Good Friday, April 11; Easter Sunday, April 13. St. Patrick's day in Salina was not specially observed. The rain and mud would have prevented any public demonstration, had it been intended. There was some wearing of the green, but nothing further than that. The Republican Central Committee met last Saturday and made a call for a county convention. The convention is to be held Saturday, April 9, and the primaries Wednesday, April 10. The call is published in another column. Our newspaper contemporaries of Salina unite cordially in commending the "big edition" of the JOURNAL. In other words, they know a good thing when they see it, and are not backward about announcing it. Thanks! The General Conference of the M. E. church, which meets in May, at Philadelphia, will be composed of Ministerial and Lay delegates—one of the latter from each Conference in the connection, and one Ministerial Delegate for every 45 members in full connection in the Conference. The Foster case was called up in the Supreme Court last Monday morning for argument on the motion for the new trial which had been made by the defendant's attorneys, Justice Brewer being absent, and not being able to reach Topeka until next Monday, the case was continued until that time. They poured down the other side of the street in platoons and companies to the old post-office building, Tuesday morning. Behold, the post-office people had fled to their new quarters, and dejectedly the fellows picked their way through the mud to the new and airy quarters on the other side. O. Holcomb, of Salina, has bought of O. W. Parrell, of Flaming, Mich., the fine chestnut stallion known as Albert Draper, Jr. He is a well bred trotting stallion and for size, style and speed will make a magnificent addition to the best horses of that part of the State. The horse was shipped Wednesday evening to Clay Center, Kas., to be handled by Charles Terhune, Esq., of Republican. The election proclamation of acting Mayor Dodge is published in another column. He designates the following voting places in the various wards: First ward, City Hall; Second ward, Court House; Third ward, Opera House; Fourth ward, J. R. Chapman's paint shop; Attached Territory, residence of N. Wilson, Esq. Rev. M. L. Ward, President of the Ottawa (Kansas) University, called last Monday. He occupied the pulpit of the Baptist church. Prof. Ward was one of the members of the faculty of the State Agricultural Society who was so much of a Republican in his record, with Gov. Gillett's "policy," and was before removed to make room for a Democrat.

Mr. Tooker, a visitor at the home of Mr. A. C. Millard, of Bavaria, for several months, but lately a boarder at Mrs. C. L. Huesy's residence, was stricken with paralysis last Friday. It was a severe shock, but he is now better. He is father-in-law of one of the Merrifield Brothers, organ manufacturers, and Rev. Merrifield, Secretary of the American Baptist Home Mission Society, another brother is here caring for him. We certainly hope the county commissioners will not fail at an early day advertising a reward for the detection of the murderer, or murderers of John Beck. We believe they would be sustained in this act by every tax-payer in the county. The first thing that should meet the eyes of immigrants is that life and property in Salina county are reasonably safe, and that if a murder is committed the criminal is as unsafe as the murderer was in Roman territory. Monday night the removal was made, and Postmaster Campbell and his assistants were installed in the new quarters, Tuesday morning. Even the clerks felt brighter and better as they handed out the mail from the new delivery, and surely those who stooped to get their mail were fully warranted in announcing to their neighbors, "Tut! this is a beauty of a post-office." Surely Postmaster Campbell deserves many compliments for having furnished Salina with the best furnished post office west of Topeka, and for having provided it with such a courteous and agreeable corps of assistants. At a meeting of the City Council Monday night, the special committee for extension of water mains reported, recommending the extension on Eighth street, from Seventh street to Prescott avenue, with two fire hydrants, the rest for the same time of completion of the same. The report was adopted and the clerk instructed to execute the contract. A building permit was issued to David Weigner. A. H. Hine was appointed and confirmed policeman until the next regular meeting. A special committee consisting of Councilmen Goodnow, Miller and Wright, was appointed to confer with T. L. Bond in regard to straightening the west line of Ninth street through his land.

NORTHWEST KANSAS CONFERENCE OF THE M. E. CHURCH. Members and delegates began to arrive as early as Monday, A. M., and by 10 o'clock Tuesday morning quite a little company of preachers were gathered at the M. E. church. Prominent among those present were members of the examining committee, looking for their classes and some members of the classes looking for their examiners who had not put in an appearance. When they did finally come upon the scene of action, we surmise that they found Salina county mud too deep and sticky to admit of very rapid locomotion, but their eyes brightened at the sight of the familiar faces around them and each new arrival at once became the center of attraction, until all had shaken him heartily by the hand and given him a cordial welcome, and we thought some of them looked dried before the brethren were through with them, at least we heard one of the new arrivals complaining that those Methodist grips were "most too strong for him." We suggest that he carry that lame hand in a sling during his stay at Conference, or he will not be able to use it for the next six months. Among those early on the ground were Elder Breed, P. E. of the Kirwin District, and Elder Lockwood, P. E. of the Heloit District. We also noticed early yesterday, the genial comrader of Rev. Dearborn's former P. E. of the Salina District, but now a member of the Kansas Conference and stationed at Okaloosa. His visit will be appreciated by his daughter who resides in this city, as well as by many old friends and fellow workers in the vineyard of the Master. Also we notice Professor Sweet, the President of Baldwin University and Dr. Elton Foster, of Brooklyn, N. Y., the author of Foster's Cyclopedia of pulpit illustrations, the best and most complete work of the kind ever published.

FIRST DAY'S PROCEEDINGS. Conference opened with devotional exercises by the Bishop, after which the sacrament of the Lord's Supper was administered by the Bishop, assisted by the presiding elders and Rev. Elton Foster, D. D., Rev. R. A. Caruthers D. D., and Rev. S. A. Greene. About ninety persons partook of the sacrament, after which R. A. Hoffman was elected Secretary. Elder See, of Salina, then read the report of the committee, which report was adopted and the committees were elected, (see list) after which the committees on examination were asked by the Bishop to report to the Conference whether they had finished the examinations and were ready to report or not and it was found that several committees were not yet through with their work. Rev. A. N. See, P. E. of the Salina District, read his report and the names of the effective elders on the District were called as to their character, passed, and they reported their benevolent collections. Elder J. H. Lockwood read his report to the Conference in which he claimed \$600 to be the Banner District of the Conference. The roll call of effective elders was called, their character passed, and they reported their collections. Elder G. H. Breed, read his report of the Kirwin District, in which he stated that a general advance had been made all along the line, new churches were being built, and debts on those already built were being paid off and many gracious revivals had been enjoyed during the year. The roll of the effective elders of his District was called, they reported their benevolent collections and their character were passed. A number of visiting brethren were introduced by the Bishop. The announcements were made and Conference adjourned to meet at 8:30 o'clock A. M. The following is the list of standing committees appointed at this morning's session: Conference Stewards—M. M. Stolz, L. V. Morton, H. Dalton, A. C. Pattee, J. C. Dana, Wm. Allen. Auditing Committee—J. Bolcourt, J. A. Ball, O. N. Maxon. Bible Class—Wm. Allen, A. B. Conwell, S. L. Seamon. Education—R. A. Caruthers, W. A. Seville, D. D. C. Campbell, P. E. of the District, C. L. Shackelford, W. J. Merrill.

The Social held Monday night at the residence of Mrs. Daniel Whitehead was voted by all who attended to have been a decided success. The house was well filled, and all were pleasantly entertained until late at night, when every one went away feeling that it is a good thing to be sociable. Uncle Tom's Cabin is one of those shows of which people never grow tired. Frank Elper, one of the liveliest men of the road, played his troupe at the opera house last evening, to the fullest house ever assembled in this city. Every seat was taken and every foot of standing room was occupied. Two reasons may be assigned for this great rush. One, the reputation of "Piper and his troupe," the other, the street parade, in which they bring out not only the best band that has played upon our street for months, but the best troupe of actors, and are informed by those who did stay, the company gave the best rendition of the piece that has been given here, in more than twelve months. We regret that our forced absence prevents our giving a more extended and personal notice of the different actors. Hastings (Neb.) Gazette Journal.
